

BARCELONA SCHOOL OF ECONOMICS SUMMER FORUM 2022 CALL FOR PAPERS

The Barcelona School of Economics (BSE) organizes the ninth BSE Summer Forum. The Summer Forum is a series of independent workshops that cover the main fields of Economics. Next year's edition will take place from June 7 to June 21, 2022. The venue will be [Casa Convalescència](#) (Sant Antoni M^a Claret, 171) in central Barcelona.

We are regularly checking safety regulations related to the COVID-19 pandemic. If an in-person event is not possible in June, the workshop will be postponed as it was in 2021.

More detailed information on the Summer Forum 2022 and the previous editions is available on <https://bse.eu/summer-forum>

We would like to invite you to submit a paper to the workshop:

POLITICAL ECONOMY

The workshop will run for two days and will take place on June 9-10, 2022, in Barcelona.

This workshop is focused on the causes and effects of political institutions, and the behavior of voters and politicians facing different constraints, incentives and information. We encourage submissions of theoretical and empirical papers from economics and political science addressing questions including:

- How do political institutions promote or hinder economic development?
- Why do particular sets of political institutions emerge and persist?
- How do transparency and accountability affect politicians' incentives?
- How do voters react to information, and to what effect?
- What is the impact of different electoral systems on policy choices?

The workshop is proposed as a continuation of the workshop organized under the same title in November 2021, and of the two workshops on Political Institutions and on the Economic Analysis of Electoral Politics organized within the Summer Forum in 2013-2019. Earlier editions counted with the participation of prominent scholars from all around the world, including Fernanda Brolo (IMF), Robin Burgess (LSE), Katherine Casey (Stanford), Allan Drazen (Maryland), Oeindrila Dube (Chicago), Patricia Funk (USI), Matthew Gentzkow (Stanford), Gene Grossman (Princeton), Benjamin Olken (MIT), Rohini Pande (Yale), Imran Rasul (UCL), Mark Rosenzweig (Yale), Kenneth Scheve (Stanford) and James Snyder (Harvard), among others.

The deadline for submissions is **February 28, 2022**. To submit a paper, please use this link <https://app-summerforum.bse.eu/>. Submissions should include either a full paper or an extended abstract with the main results. Authors chosen to present papers will be notified approximately by the end of March. A preliminary program will be announced by the end of April.

Please note that the BSE Summer Forum is a series of independent workshops. When you submit your paper, you will be able to see the topics and dates of other workshops that will take place within the Summer Forum. The same paper cannot be submitted to more than one workshop, but you are welcome to submit a different paper to another workshop.

There is no registration fee, and meals during the workshop will be provided for participants. The workshop organization will be able to cover travel and accommodation expenses, according to specified guidelines. The workshop is funded by CREI through the European Research Council (ERC) under the European Union's Horizon 2020 Research and Innovation Programme (Grant Agreement N° 714905-CITIZINGLOBAL).

The BSE Summer Forum is one of the activities supported by the Severo Ochoa Program of Centers of Excellence (CEX2019-000915-S)

Workshop Organizers

- Ruben Durante (ICREA-UPF, IPEG, and BSE)
